ANNOUNCING THE STARTUP OF ANOTHER MASTER GARDENER TRAINING CLASS:

The University of Florida, through its Clay County Office, once again, announces its recruitment for persons to enter the Clay County Florida Master Gardener Volunteer Program. Applications are being taken from now until July 1, 2010. A total of 35 individuals will be accepted into the program from Clay County this year. Classes start Wednesday, August 18, 2010 and run for 9 consecutive Wednesdays thereafter (9:30 AM to 3:30 PM each day). Recruitment is only once a year. To learn more about this program and to pick up an application go on line to http://Clay.ifas.ufl.edu and once there click on “Horticulture” and then the link “Master Gardener Program.” Complete the application forms found there, and get them back to us so we can set up an interview with you. Because of increased postage rates and significant cuts in our postage budget, we will not be sending out the application packet by mail. Interested applicants must contact us by email to have an application packet sent to them or by going to the above website. For more information before deciding if this program is for you, you can also call our office and ask for Michelle or Ray. Having a functional email address is a requirement for becoming a Florida Master Gardener Volunteer in Clay County.
